

## Sea Ice Prediction Network - Phase 2 Webinar

*Prospects for Improved Regional Predictions of Arctic Sea Ice*

Mitch Bushuk, Geophysical Fluid Dynamics Laboratory (GFDL)

This webinar had 54 online participants

\*Known online participants are included in the participant list

First Name	Last Name	Organization	Country
Sahara	Ali	University of Maryland, Baltimore County	United States
David	Babb	University of Manitoba	Canada
David	Bailey	National Center for Atmospheric Research	United States
Beena	Balan Sarojini	European Centre for Medium-Range Weather Forecasts	United Kingdom
Uma	Bhatt	University of Alaska Fairbanks	United States
Elena	Bianco	Euro-Mediterranean Center on Climate Change	Italy
Philippe	Blain	Environment and Climate Change Canada	Canada
Mitch	Bushuk	U.S. National Oceanic and Atmospheric Administration	United States
Jessie	Carman	U.S. National Oceanic and Atmospheric Administration	United States
Shanna	Combley	U.S. NOAA National Weather Service	United States
Richard	Cullather	University of Maryland, College Park	United States
Lauren	Decker	PolArctic LLC	United States
Francis	Diebold	University of Pennsylvania	United States
Qinghua	Ding	University of California, Santa Barbara	United States
David	Douglas	USGS Alaska Science Center	United States
Richard	Dworak	University of Wisconsin-Madison	United States
Hajo	Eicken	International Arctic Research Center (University of Alaska Fairbanks)	United States
Celine	Giesse		United States
Jan	Grzeda	Arctic Research Consortium of the U.S.	United States
Silvio	Gualdi	Euro-Mediterranean Center on Climate Change	Italy
Feng	He	University of Wisconsin-Madison	United States
Morteza	Karimzadeh	University of Colorado Boulder	United States
Dmitri	Kondrashov	University of California, Los Angeles	United States
Jack	Landy	University of Bristol	United Kingdom
Yanyun	Liu	U.S. NOAA National Weather Service	United States
Ada	Loewen	Carleton University	Canada
Thorsten	Markus	U.S. National Aeronautics and Space Administration	United States
Joseph	Martin	Royal Canadian Navy	Canada
Walt	Meier	National Snow and Ice Data Center	United States
William	Merryfield	Environment and Climate Change Canada	Canada
Erin	Moreland	NOAA Fisheries	United States
Hannah	Myint		United States
Christine	Piatko	Johns Hopkins University Applied Physics Laboratory	United States
Jill	Prewitt	Alaska Ocean Observing System	United States
Sascha	Pristrom	International Maritime Organization	United Kingdom
Mikhail	Schee	University of Toronto	Canada
Andrea	Schneider	UiT: The Arctic University of Norway	United States
Lisa	Sheffield Guy	Arctic Research Consortium of the U.S.	United States
Michael	Sigmond	Environment and Climate Change Canada	United States
Michael	Steele	University of Washington	United States
Stacey	Stoudt	Arctic Research Consortium of the U.S.	United States
Betsy	Turner-Bogren	Arctic Research Consortium of the U.S.	United States
John	Walsh	University of Alaska Fairbanks	United States
Muyin	Wang	University of Washington	United States
Xuanji	Wang	University of Wisconsin-Madison	United States
Helen	Wiggins	Arctic Research Consortium of the U.S.	United States
Xiaojun	Yuan	Lamont-Doherty Earth Observatory (Columbia University)	United States
Jinlun	Zhang	University of Washington	United States
Jieshun	Zhu		United States
